

KARTHIK THAKKALAPELLY

Data Analyst | 9347522528 | karthikthakkalapelly@gmail.com | Hanamkonda, Telangana | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven Data Analyst with expertise in Python, SQL, Power BI, and Tableau. Specializes in ETL pipeline development, statistical analysis, data modeling, and KPI reporting. Delivers actionable business insights through end-to-end data cleaning, transformation, and stakeholder-focused reporting. Skilled at translating large-scale datasets into clear visualizations and strategic recommendations that drive decision-making across retail, restaurant, and e-commerce sectors.

TECHNICAL SKILLS

Languages & Querying: Python (Pandas, NumPy), SQL (PostgreSQL) **BI & Visualization:** Microsoft Power BI, Tableau, Microsoft Excel
Analytics & Methods: Exploratory Data Analysis, Statistical Analysis, Data Modeling, ETL Pipelines, KPI Analysis, Data Cleaning, Trend Forecasting, Ad hoc Analysis, Data Governance **Soft Skills:** Stakeholder Reporting, Cross-functional Collaboration, Business Intelligence, Dashboard Design, Machine Learning

EXPERIENCE

Data Analyst Intern | Cognifyz Technologies Nov 2025 – Jan 2026

Project: Restaurant Data Analysis | [GitHub – Analysis](#)

- Performed exploratory data analysis on 9,000+ restaurant records using Python, Pandas, and Seaborn, uncovering customer rating trends, pricing patterns, and cuisine popularity across multiple city tiers.
- Quantified relationships between pricing tiers, online delivery availability, and customer ratings through statistical analysis, identifying factors responsible for 15% variance in customer engagement scores.
- Prepared ad hoc analytical reports on restaurant ratings, price ranges, and customer votes, enabling informed decision-making for cross-functional product teams and senior stakeholders.
- Enforced data governance standards during cleaning and standardization, ensuring accuracy and consistency across 9,000+ records prior to analysis.

PROJECTS

Customer Churn Prediction | Python, SQL, Power BI, Machine Learning | [GitHub](#)

- Designed and delivered an end-to-end Customer Churn Prediction solution integrating PostgreSQL, Power BI, and Python for business analytics and predictive modeling on 7,043+ telecom customer records.
- Developed optimized PostgreSQL queries using JOINS, CASE statements, CTEs, and window functions; built interactive Power BI dashboard with executive KPIs, churn distribution, contract and tenure analysis.
- Created DAX measures for Churn Rate, Revenue at Risk, Avg Monthly Charges, and Customer Segmentation; conducted feature engineering with Pandas including encoding and feature scaling.
- Trained Logistic Regression, Decision Tree, and Random Forest models; achieved 80.55% accuracy with Logistic Regression; identified high-risk segments (Month-to-Month, Fiber Optic, Electronic Check) enabling targeted retention strategies.

Blinkit Sales Analysis Dashboard | Python, SQL, Power BI | [GitHub](#)

- Built an end-to-end ETL pipeline to ingest, clean, and standardize 8,500+ retail transaction records using Python (Pandas) and SQL (PostgreSQL), reducing inconsistencies by 30% for accurate business reporting.
- Tracked KPIs including Total Sales (\$1.2M+), Average Sales, Customer Rating, and Items Sold; architected an interactive Power BI dashboard with KPI cards, trend charts, and dynamic slicers adopted by 5+ stakeholders, improving reporting efficiency by 40%.

Amazon Sales Analysis Dashboard | Power BI, SQL, Excel | [GitHub](#)

- Transformed Amazon sales records using SQL and Excel, conducting governance checks, KPI calculations, and data modeling across product categories to guarantee reporting accuracy.
- Developed dynamic Power BI visualizations monitoring \$1.78M YTD Sales, \$635K YTD Profit, 20,000+ Units Sold, and 10M+ Customer Reviews; implemented drill-down filters and trend forecasting, reducing manual reporting time by 35%.

ACHIEVEMENTS & EXTRACURRICULARS

- Active NSS Volunteer – Certificate of Appreciation | Ministry of Youth Affairs & Sports, Govt. of India | KU College of Engineering and Technology | Academic Year 2025–2026 — Recognized for outstanding dedication, sincerity, and active participation.
- State Level Viksit Bharat Youth Parliament – Certificate of Participation | Ministry of Youth Affairs & Sports, Govt. of India | Anurag University, Hyderabad | 28th–29th March 2025 — Selected to represent at the state-level youth parliament event.
- NSS Special Camp Certificate | National Service Scheme, Kakatiya University, Warangal | 7-Day Special Camp at Kakatiya University Campus, XXIII Convocation (30-06-2025 to 06-07-2025).
- Certificate of Appreciation – NSS Excellence | KU College of Engineering & Technology, Kakatiya University | Awarded for outstanding performance and exemplary dedication in NSS, academic year 2025–2026.
- Certificate of Appreciation – Academic Excellence | KU College of Engineering & Technology, Kakatiya University | Recognized for outstanding performance in Academic Excellence, 2025–2026 (IV/IV B.Tech, IT).

EDUCATION

Bachelor of Technology (B.Tech) – Information Technology 2022 – 2026

KU College of Engineering and Technology, Hanamkonda | CGPA: 9.08 / 10.0

CERTIFICATIONS

- IBM Data Fundamentals – IBM SkillsBuild | March 2026
- Data Science and Artificial Intelligence Certification – AI LINC | February 2026
- SQL (Basic) Certification – HackerRank | May 2026
